Revival of Cavite water route good for students, traders, say execs

The reopening of Cavite City's ferry terminal meant not only reviving a historic water route but bringing back the province's resi-

dents closer to the center of trade and education in Metro Manila. For several decades, after the ferry

Newly renamed expressway link connects Cavite and Muntinlupa

FWD Life Philippines (FWD Insurance) and AC Infrastructure Holdings Corp. (AC Infra) has officially launched the newly renamed FWD-Muntinlupa-Cavite Expressway (MCX).

"The partnership, it's really us two organizations that share the same value. In terms

of commitments, I guess what FWD is really looking for is to create a touch point with their customers and, at the same time, for us, I guess, to uphold that value of safety and basically good service to our

motorists. Together, we see that there's a lot of opportunity to achieve

## Treasury eyes repeat of 'premyo' bond offer as sales breach P4B

The Bureau of Treasury has raised more than P4 billion in additional funding for the government's priority "premyo" bond issue next year as programs and projects this year's offer falls short.

In a text message last Dec. 13, National Treasurer Rosalia V. de Leon said the Treasury would recommend to Finance

Secretary Carlos G. Dominguez III a "re-performance" of the premyo bonds were made available to individuals who have already sold more than P4 billion of the bonds. The premyo bonds are IOUs, denominated in non-stock and one-year associations such as non-stock and non-voting shareholders.

As of 1 p.m. Leon said,

## Electronics sector sets low 2020 target

Electronic exporters may set their targets lower than last year as the US-China trade war makes it difficult for the industry to grow beyond that range, according to Semiconductor and Electronics Industries in the Philippines Foundation Inc. (Seipi)

President Dimilo L. Lachica, however, said data showed that although the Board of Directors has yet to meet to discuss the growth target for 2020, the 2020 target would likely just be 0 to 3 percent, the same as the target for 2019.

# DTI program to give manufacturers extra push

The Department of Trade and Industry (DTI) will spend up to P30 billion to help innovative manufacturers in the remaining years of the Duterte administration.

This initiative will be implemented under the SMART program, which stands for securing manufacturing revitalization and transformation.

In a statement, Trade Secretary Ramon Lopez said the projects that would be supported under the program

would have to be performance-based, targeted, time-bound and transparent.

These will include the eco-PUVs (public utility vehicles) modernization program, an initiative that aims to replace outdated PUVs such as jeepneys, and an incentive program for the production of electric vehicles.

He said the SMART manufacturers were worried over the fate of their tax breaks under the Duterte administra-

tion of new technologies, new processes, products, services as well as the development of new business models.

"For this, we are proposing to spend P23 billion to 30 billion to support small, medium and even large companies for a period of three years," he said.

The move comes as the government tries to revive the country's manufacturing sector at a time when many manufacturers were worried over the fate of their tax breaks under the Duterte administra-

tion. In the form of soft loans, vouchers, tax incentives under the new incentive regime being proposed by the administration, sub-guard measures, fiscal support and reduction in trade barriers.

Industry 4.0 is defined as a trend wherein more companies use artificial intelligence and the cloud in the manufacturing process. Compared to previous industrial revolutions, industry 4.0 involves a greater degree of automation, allowing factories to do the work with less human intervention.

## ICTSI takes over port concession in Brazil

Tycoon Enrique Razon Jr.-led port operator International Container Terminal Services Inc. (ICTSI) has officially taken over the port terminal project at Port of Rio de Janeiro City in Brazil after getting all the regulatory clearance needed to consummate its P9.1-billion purchase of the port concession.

ICTSI also disclosed to the Philippine Stock Exchange last Dec. 13 that it had received about 27 million euros (P1.52 billion) from the Sudanese government as second partial repayment of the upfront fee for the aborted terminal project in agreement with Bo-Sudan.

In July, ICTSI, through wholly-owned subsidiary ICTSI Americas BV, signed a share purchase agreement with Bo-Sudan Empreendimen-

"We continue to have productive discussions with the Ministry of Finance and Economic Planning of the Republic of the Sudan for the refund of the remaining portion of the upfront fee under the terms of the refund bond," ICTSI said.

The deal with S.A. to acquire 100 percent of the shares of Libra Terminal Rio S.A., which holds the concession rights to operate, manage and develop the container terminal 1 in the port of Rio de Janeiro, was won by ICTSI.

Under Brazilian bankruptcy law, to protest the Filipino company's deal to operate, manage and develop the South Port Container Terminal at Port Sudan, ICTSI has started on

# ADB lends record \$2.5B to PH

The Philippines and the Asian Development Bank (ADB) signed last Dec. 11 three loan agreements worth \$623 million to reduce youth unemployment, better educate the country's students and help the government prepare short-term infrastructure projects under its ambitious "Build Build Build" program.

ADB vice president for operations Alfonso M. Saavedra told reporters that the total loan financing extended by the Manila-based multilateral lender to the Philippines in 2015 amounted to \$2.5 billion, the largest ever in a single year.

"This reflects the government's clarity of vision and our strong commitment to supporting your efforts," said Saavedra.

Finance Secretary Carlton G. Dominguez

III, who signed the loan agreements on behalf of the Philippines, added that during the past 10 years, the ADB invested in the country \$7.2 billion in loans.

In the next two years, the Philippines would avail itself of \$7.8 billion in financing, bringing to \$10.3 billion the loan portfolio from the ADB over the medium term.

"The proposed substantial increase in ADB's loan assistance underscores the bank's strong support in translating the [Duterte administration's] development choices into concrete investments, particularly related

to the country's Build Build Build program, human capital development, disaster preparedness, education, health care and agriculture," he said.
